Solar Energy

Lease the Land

Contract

Install Solar

Option 1

Lease the Land

We can lease the land to another organization and they would host a solar farm on our land.

Opportunity: Revenue from land rental.

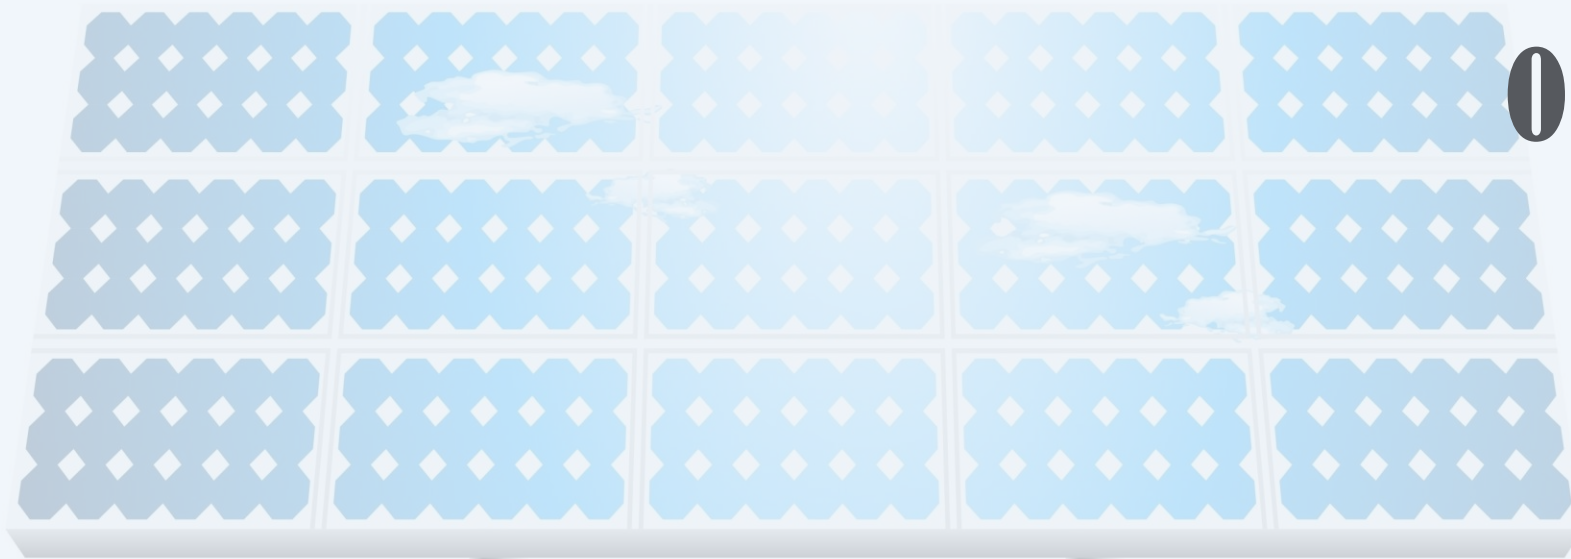

Option 2

Contract with a Solar Company

We can participate in an Adjustable Block Program. This program gives us the opportunity to access solar energy from a larger project not hosted on our property.

Opportunity: Reduction in electricity cost.

Option 3

Install Solar

We can host our own solar farm on our land.

Opportunity: Reduction in costs from electricity.
