

Transitional Math

CIA Committee Meeting
10/30/19

Postsecondary and Workforce Readiness Act (PWR Act)

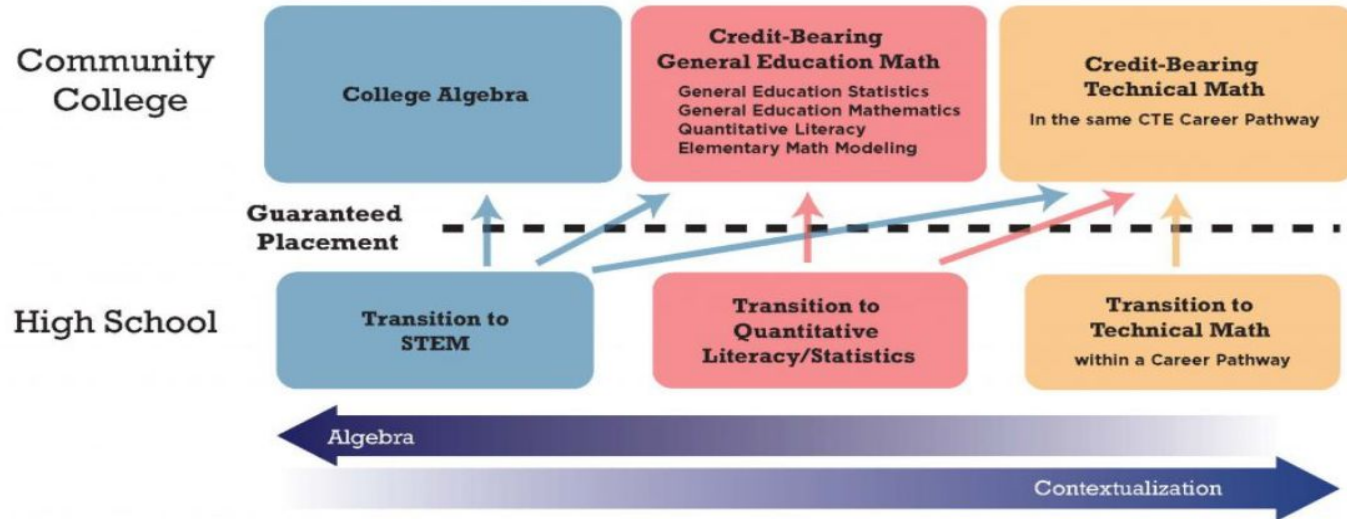

Enacted in 2016 with four components:

- Postsecondary and Career Expectations (PaCE)
- College and Career Pathway Endorsements on High School Diplomas
- **Transitional Math Instruction to Avoid Remediation**
- Pilot of Competency-Based High School

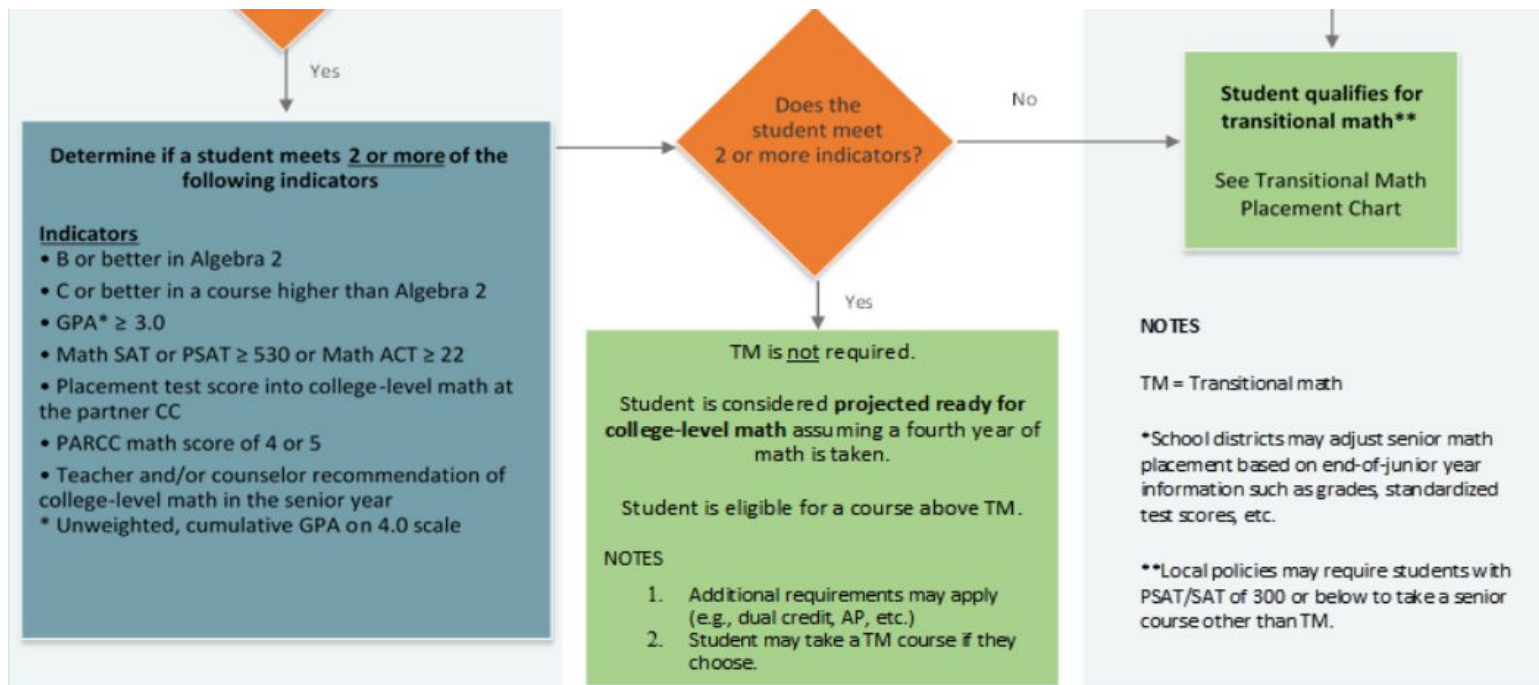

PWR Act: Transitional Math

Transitional Math Pathways

Students who change to a path requiring more algebra may take a placement test or use alternative options, such as bridge courses or co-requisite courses, to accelerate that change.

Decision Chart for Transitional Math Eligibility

Our Next Steps

- Work with RVC on Memorandum of Understanding
 - Once MOU approved, work with RVC to obtain curriculum and training for our math teachers
- Participate in Local Advisory Panel with surrounding districts
 - Align state competencies to RVC course
