

NORTH BOONE HIGH SPEED FIBER

Connecting our students futures!

The Green line represents our new "Hub and Spoke" Fiber Lines that will connect our Elementary campuses. **(10Gbps)**

The Red lines represents our current microwave link, and our new fiber internet link. **(700Mbps combined)**

This entire project is to be paid for by a Federal and State Grant. Over \$600,000 in install costs!

We will be responsible to pay \$16,252 the first year, and hope to bring it down to \$8332 the following year.
