

Facilities

NBCUSD will provide clean, well-maintained, and up to date facilities that are safe and conducive to learning.

2015-2016 Life Safety Survey

- During the 2015-16 school year, the North Boone School District conducted its 10 Year Life Safety Survey of all of our buildings
- All aspects of each building are studied by architects and engineers
- The results of the survey are returned with work items in three categories:
Urgent (1 year), Required (5 to 10 Years) and Recommended

Urgent Items

- Fire alarm and sensors in all buildings
- Compliant door locks and hardware
- Roofs at the Middle School and Upper Elementary
- Masonry repairs at the Middle School and Manchester
- Some exterior and interior doors replaced
- Some electrical upgrades to outlets (GCFI's) in various locations
- Various concrete portions replaced

Required Items

- Roof repairs at the Middle School, Upper Elementary, Capron and Manchester
 - Masonry work at various schools
 - Electrical and plumbing upgrades at various schools
 - HVAC and ventilation work at various schools
 - Painting and asbestos abatement
 - Flooring replaced
- 

Recommended Items

- Numerous recommended items across the district
- Parking lots replaced at the Middle School and Capron
- Many parking lots sealed and repaired

Other Large Projects

- New windows along the north face of classrooms at Manchester
 - Renovated Special Education bathroom at Poplar Grove
- 

Recommended Projects for the Summer of 2019

- Manchester gym roof
 - Poplar Grove sewer connections
 - Various other projects across all buildings
-
