

## Salutatorian and Valedictorian

This year's Valedictorian has been recognized for their efforts towards their academics ever since kindergarten as stated by teachers on reports cards throughout their academic career. In fifth grade, this young man was noted as being courteous and cooperative, being responsible, and a pleasure to have in class. Mr. Zadlo recognized this student-athlete as an exemplary leader who can be counted on to always put forth his best effort and do the right thing. During his time at North Boone, he has been involved in soccer, math team, science Olympiad, and running start at Rock Valley College. While at Rock Valley College, this young man has become a member of the Phi Theta Kappa Honor Society. He plans on attending the University of Illinois, Chicago to study Biochemistry and eventually become a doctor. It gives me great honor to introduce this year's Valedictorian, David Gonzalez.

This year's Salutatorian is also involved in the Running Start Program and Phi Theta Kappa Honor Society at RVC. While at North Boone, this young lady has been involved in French Club, Science Olympiad, Scholastic Bowl, Cross Country, Band, and National Honor Society. While in elementary school, Miss Harkness recognized this young lady as a hard worker and great helper. At the Upper Elementary, this young lady was said to be courteous and cooperative and always gave excellent effort on her class work. While in high school, many teachers complimented Michaela on the time and effort she put in on completing her work and always providing high quality work. She plans on attending North Illinois University to study Medical Laboratory Science. I am honored to introduce this year's Salutatorian, Michaela Dean.
