

For roughly the last 11 years the members of Prairie Grange #1832 have donated dictionaries to the third grade classes in all the schools in Boone County as well as a number of private schools in both Boone and Winnebago County. The members of Prairie Grange would like to again participate in the Nationwide "Dictionary Project" by donating dictionaries to our third graders. The Grange spends over \$2,400 to purchase the dictionaries and are proud to deliver them to each school during the third week of October. At the time of delivery, volunteers will share with the students what the Prairie Grange does within the community.

North Boone CUSD extends their appreciation to the Grange for this generous donation.
