Absent: *(None)*

TREASURER'S REPORT

The Treasurer's Report was submitted to the Board.

SUPERINTENDENT'S REPORT

Dr. Baule announced that Nick Augustine, NBHS special education teacher, received a Target Field Trip Grant to take students to the Museum of Science and Industry in Chicago.

He thanked the Golden Apple Foundation for encouraging our primary students to start thinking about college by providing all of our third graders the *I Know I Can* book in English or Spanish. Each class had a college graduate read the book to the class and discuss their own college experiences.

Dr. Baule communicated that we received approval to move forward with our building projects, and that we should be receiving about \$20K from the ISBE through a maintenance grant. He shared that we are now working to collect all the end of project materials the CDB requires in order to release funding. A few of these documents were received today from Wold, our former architectural firm.

The Village of Poplar Grove notified the district of a potential development on the south side of Poplar Grove, which could create an additional 284 households for the district. Dr. Baule is working with both the developer and the Village to prepare for the potential impact of another 150 students in the district. Since Poplar Grove Elementary cannot accommodate 150 additional students, some students would need to transfer to Manchester or Capron. Currently, Manchester can potentially house about 265 students based on its core infrastructure, cafeteria space and bathrooms. The architect believes Capron can handle about 216 students as is, and could be expanded to about 270 students. At least some of the students could be assigned to Poplar Grove without busing, however, the district may need to consider some potential boundary changes if the development moves forward.

Dr. Baule shared the results of the Technology Survey which was completed in December. He will be assembling a committee to review the results and draft a new technology plan by the end of the school year. The first meeting will likely be in early February.

North Boone is waiting to hear Belvidere's decision regarding the sale of the BCSEC building. Dr. Baule has asked Melissa Geyman and the Winnebago SEC to look at the potential to develop a primary level classroom collaboratively that will serve to meet the dual needs of our entities. He asked the Board to approve the hiring of the Co-op staff currently serving North Boone.

Greg Kubitz, Senior Financial Planner from PMA, provided hand outs to the Board and shared a presentation. Dr. Baule mentioned that returning to three elementary principals next year was factored into PMA's numbers, as approximately 75% were opposed to the MES/CES principal split. With the new requirements for evaluating, it will be too taxing for just one administrator to supervise two buildings. Mr. Ward asked Mr. Kubitz what the Board could do to change the downward trend of finances. Mr. Kubitz stated the revenues are determined for us, and the only thing the district could do is to manage expenditures.
