AUDIENCE TO VISITORS

Mrs. Sammy Boyce, Booster President, said she assumed with a \$22K donation toward stadium architect design fees, it would result in a stadium. She said our facility is rapidly falling apart and it is embarrassing, and reflects poorly on our school and students.

Mrs. Laura Zwart said she was on the Board when the sales tax referendum passed. She said the receipt of the CDB funds was a game changer and it frees up the sales tax money to upgrade our facilities, and the stadium should be a priority.

Mrs. Tami Doetch, Reading Specialist, addressed the Board and feels we need to keep Reading Specialists in the K-4 buildings. She said research shows the most effective intervention is in the early years. Mrs. Doetch wants to ensure our children have a life of literacy.

Ms. Jennifer Davis, parent, said she supports the selling of the bonds and it is way overdue. She feels if the project keeps getting moved back, our school could lose sports, students and families. Although her son won't experience the stadium, his grandparents think it's sad that the population doesn't want change and hopes we can pull together to move forward.

TREASURER'S REPORT

Mrs. Zwart said the Treasurer's Report was as presented and that she turned in her letter of resignation.

SUPERINTENDENT'S REPORT

Dr. Baule said PARCC testing is currently being conducted, and is going better than anticipated.

He said about 200 superintendents heard Governor Rauner speak about his views on education and how he would like to move Illinois forward. Dr. Baule provided handouts from that meeting. He said the Governor acknowledged that the current GSA formula is not adequate, and noted the reliance on the property tax rate creates an inequitable system.

Dr. Baule noted PMA updated their January projections based on the recommendations in the Governor's budget address and the additional staffing we are projecting at NBHS. He provided the new projections to the Board.

He said the PG Methodist Church is closing their afterschool program at the end of this year and they are trying to solicit a partner to provide similar programming.

Dr. Baule mentioned the first two informational Townhall meetings on the stadium netted about 25 to 30 attendees each, and that the presentations are available on the district's website.

He noted one of the topics that has come up is the cost of ongoing maintenance of the current fields. He said we currently spend about \$26,400 per year on field maintenance, and provided details of those costs.

Dr. Baule said in the Wold 2011 stadium proposal, many seem to want to identify the lower end of their proposal as a better number than the current proposal. He said the upper end of the Wold estimate, adjusted for site work and fencing, would exceed \$4.6 million without a concession stand.

Dr. Baule said the second version of the Elementary Mascot survey has been completed and mentioned there were over 600 responses. He provided the results of both surveys to the Board.

He said current 6th and 7th grade students were surveyed about their desired exploratory options. Dr. Baule provided the results to the Board and mentioned the administration is currently working with CEANCI to see if potential costs can be covered through vocational grants.

Dr. Baule noted there have been some parent concerns raised that our current class rank system rewards students who take fewer classes, which is a concern that the NBHS administrators are reviewing. He anticipated the administrators bringing a recommendation for change to the Policy Committee in April.

He said there has been some confusion about the Open Meetings Act and whether or not three board members can be at a meeting that discusses school business. He said it can be construed as a violation of the OMA and that such groupings should be avoided.
