UNFINISHED BUSINESS

A. District HVAC Projects

The Facilities Committee had directed Mr. Stahler to begin design work on years 1 and 2 which addressed the ventilation, filtration and relief systems of Capron, Manchester, the Middle School, Poplar Grove, and the Upper Elementary. The Committee had also discussed the possibility of accelerating years 3-5 up into a three-year plan so that ESSER funds could be used to accomplish the project by Sept. 1, 2024. The projects that would be addressed in years 3-5 would be: building management systems, school office VRF systems, and electrical supplies. Dr. Greenlee recommended bringing the buildings up to code by completing the years 1-5 HVAC plan, with all 5 years being covered by ESSER funding. Mr. McCurdy said the boilers are good for 20-25 years, and noted the piping doesn't require replacement at this time. Ms. Geyman had prepared a business funding plan. Year 1 costs were estimated at \$1.2M, year 2 at \$475K, years 3-5 is expected to cost \$605K, for a total of \$2.5M. If years 1-5 were approved, it would leave \$212K in ESSER money. Dr. Greenlee noted they still earmark \$750K yearly from O&M as placeholders for other projects.

A motion was made by Mr. Haselhorst and seconded by Mr. Haverly to approve Years 1-5 of the HVAC project as presented.

Ayes: Mr. Haselhorst, Mr. Haverly, Mrs. Hutchinson, Mrs. Maxey and Mr. Mulholland

Nays: Mrs. Schilling and Mrs. Self

Abstain: None

The motion passed 5-2 with no abstentions.

B. Beverage Contract

North Boone is still in discussion with the beverage distributors. More information is being gathered before the final recommendation is brought forward. The anticipated roll out of the new vending machines and/or contract will be during winter break.

C. Covid Update

Dr. Greenlee said Covid statistics were down in the District, running about one case per week. Seven-day quarantines will begin this week. He noted the Shield test is needed for test to stay, and nurses are working on a communication for parent consent. Mrs. Self was interested in the number of students that have had to quarantine without testing positive.

D. Transportation Parking Lot

Mr. Stahler said they would be removing all the stone from the transportation parking lot to achieve the proper elevations. At the pre-construction meeting, it was determined

Capron Elementary would need approximately 1300 cubic yards of fill at the berm and under the parking lot. Mr. Stahler said they could temporarily put the transportation material at the residential area at CES and surround with fencing. There were no objections to the proposal.

NEW BUSINESS

A. October 2021 Bills

A motion was made by Mrs. Self and seconded by Mrs. Maxey to approve the October bills as presented.

The motion was carried by unanimous roll call.

B. American School Counseling Association Model

Ms. Julie Anderson, Counselor at the Upper and Middle Schools gave a comprehensive presentation on the American School Counseling Association Model. She described the program focus and planning process, and shared the certification and RAMP endorsement timelines. She is clearly passionate about this program and helping all students. Dr. Greenlee asked what counselors were witnessing this school year. Ms. Anderson stated anxiety and depression were high, and noticed ineffective coping. Mr. Haverly suggested using ESSER money for counselors, learning loss and SEL needs. Dr. Greenlee said they have increased the Social Worker staff, and said the HS has formed a committee to look at SEL. He said they could bring an update to the Board on learning loss and SEL programs implemented.

C. Levy

Ms. Geyman presented the levy, and provided the following three scenarios.

Option 1: levy CPI (1.4%); level additional money for increase in final EAV and new construction; abate bonds at previously agreed upon amount of \$2.4M; estimated levy rate is 6.7790%.

Option 2: levy CPI (1.4%); level additional money for increase in final EAV and new construction; abate bonds at previously agreed upon amount of \$2.4M; abate additional CPI % of about \$150,000; estimated levy rate is 6.6933%.

Option 3: do not levy CPI (1.4%); abate bonds at previously agreed upon amount of \$2.4M; estimated levy rate is 6.7016%. This option is not recommended.

Mrs. Schilling would like to see a different abatement schedule, and see what incremental increases would do to the tax rate. Mr. Mulholland said they have tried to keep the tax rate down, and Ms. Geyman had performed the work the Board asked of her. Mrs. Self asked Dr. Greenlee for a copy of the 2015 referendum showing the promise to the taxpayers. Mrs. Schilling asked Ms. Geyman to gather levy rates from surrounding districts.

EXECUTIVE SESSION

A motion was made at 8:08 p.m. by Mrs. Maxey and seconded by Mr. Haselhorst to recess to Executive Session to discuss the appointment, employment, compensation, discipline, performance, or dismissal of specific employees; collective negotiating matters between the public body and its employees or their representatives; or other matters provided for pursuant to §2(c) of the Open Meetings Act.

The motion was carried by unanimous roll call.
