1. Briefly describe how students will benefit from this program:

This PARCC Prep program will help students to better prepare for the upcoming PARCC test in March. Students will learn test taking strategies and complete practice tests to feel more comfortable during PARCC testing and in turn, raise test scores.

2. Describe the activities of this program:

Students will complete timed practice tests to ensure they are comfortable on the testing devices and how to navigate through the test. Unlike the MAP test, students can bookmark questions and come back to them later. Through practice tests and other activities, students will familiarize themselves with PARCC style questions and directions and learn appropriate test taking strategies. Students will also get keyboarding practice to better prepare them for the written response questions on the test.

January 29th, February 5th, 12th, 19th, 26th
