

ATTACHMENT NO. VIII-G: Approval of Continuous Improvement Plan for the District, NBHS, NBUE and NBMS

Potential motion: Move to approve the the Continuous Improvement Plan for the District, NBHS, NBUE and NBMS

Recommended action: Approve the motion.

The Rising Star's Continuous Improvement Plan is the new format from the ISBE for school and district improvement plans. They are tightly organized around the federal AYP goals. Attached are the plans for the District, NBHS, NBMS and NBUE. The schools have a fairly proscriptive process to follow in order to gather data for the plan and then organize the plan itself.

The K-4 buildings haven't completed their plans at this time. They are in the initial stages of planning.

Matt Klett and Melissa Geyman led the development of the district plan in conjunction with the administrative team.
