

ATTACHMENT NO. VIII-H Computers Bid FY13-04

Potential motion: Move to award bid 13-04 to Entre Computing as the vendor to provide 110 computers and 40 monitors at a cost of \$70,182.10

Recommended action: Approve the motion

Computers Bid FY13-04 was opened on July 16, 2012 at 1:00 p.m. Three (3) bid packages were distributed; two (2) bid responses were received. CDW-G declined to bid. I believe they were worried about turnaround time.

It is recommended that the Board approve Entre as the lowest responsible bidder for laptop and desktop computers at a total of \$41,550.00 for 60 laptops and \$25,436.50 for desktops. We are also requesting 40 monitors at \$3195.60. The bid came in about \$5347.90 under the projected budget. We are recommending the desktops be ordered with 4GB of RAM instead of 2GB at a price difference of \$17 per desktop.

The technology equipment budget in the tentative budget includes \$236,860 for various computer hardware. The current plan includes 140 tablets, 60 laptops and 200 desktop computers for this year. The projections were \$550 per desktop, \$399 per tablet and \$800 per laptop.

The desktops will be replacing other machines in the district as direct replacements for the last of the Shuttles and replacing the laptop lap at Manchester. Slightly over half of the laptops will be going to classrooms in grades 5 to 8 to replace the current pair of desktops and laptops in those rooms with SMART Boards. After those machines are replaced, we will replace other aging laptops.

The Bid documents from PDS and Entre are attached.

EDUCATIONAL COMPUTERS GENERAL SPECIFICATIONS (PAGE 1 OF 3)

**This sheet MUST be returned as part of Bid Package – Additional information may be included in package for product information
Complete One Sheet per Model Bid**

Computer Desktop:

Estimated Quantity Needed: Fifty (50)

Minimum Specifications:

HP 6200 Pro: Mfg #: A2W58UT#ABA

Processor: Intel i3 2120 @ 3.30GHz
RAM: 2 GB
NIC: 100 Mb
HDD: 250 GB
Optical: DVD-ROM
HP 3 Year Warranty – Next Business Day On-Site

Optional:

1 Gb NIC
Any HDD larger than 250 GB
Any RAM larger than 2 GB

Product Bid:

Model: A2W58UT

Price per Computer: \$ 491.45

Additional Cost if less than Estimated Quantity Ordered: N/A (per)

Additional Savings if more than Estimated Quantity Ordered: N/A (per)

Additional comments for Model Bid (please include any extra features above minimum specifications required:

Includes 1GB NIC

- Entré will provide FREE imaging services for PCs and Notebooks – Normally \$45 per Machine
