

## ATTACHMENT VIII-I

ATTACHMENT VIII-I:	Approval of IASB Annual Dues
Suggested Motion:	Move to approve the 2014-2015 IASB Annual Dues
Recommended Action:	Approve as presented

Although the IASB rate structure for annual dues has not changed or increased for over 20 years, the amount due for FY2014-2015 did increase by \$140.00. The rate structure is based on the district's Best Three Months ADA (reported through IASB) and Net Operating Expense for the 2011-2012 school year and any increase is a result of increased enrollment and/or increased operating expenses of the district. North Boone falls into the following dues category: \$460 (base charge) + operating expense x .0003. However, IASB limits the increase by capping the increase each year.

IASB provides leadership, service and advocacy for local school boards in numerous areas:

- Professional development programs providing school board and superintendent governance teams and individual school board members opportunities to increase their knowledge and skills and to earn credit towards the mandatory school board member training provisions in state law;
- Governmental relations programs for representing the needs and views of member school boards before the Illinois General Assembly, the Illinois State Board of Education and the United States Congress;
- Direct services that range from in-district workshops, including board self-evaluations to sessions on the board's role in providing leadership for student learning; from executive searches to board policy and administrative procedures development, updating and maintenance;
- Information services consisting of research, publishing and media relations.

It is recommended that the Board approve the IASB annual due in the amount of 4,533.00.
