

ATTACHMENT NO. IX-B: CES Smoke Doors

Suggested Motion: Move to approve the CES Smoke Doors

Recommended Action: Approve the motion.

The original quote for the Capron Smoke Doors was \$8,460. Jim Nolen had the architect review the project one last time. Greg Stahler decided it would be best for the door to be a double acting swing door with a stop. Because of the change, a different style of door will be required and the cost will now be \$10,830 from Cardinal Glass.
