Superintendent
North Boone Community Unit School District 200
6248 North Boone School Road
Poplar Grove, IL 61065

Site Improvements

Capron Elementary School
CSG729

Dear Dr. Greenlee,

As part of our initial bid review in February, CSG, AMSCO, and EEA contacted Stenstrom Excavation & Blacktop Group to confirm their Bid Proposal was complete and responsive. Our review confirmed their Bid included the specified scope of work. Our discussions regarding Alternate Bid 4 (New Electrical Service) at that time, confirmed their Bid included the electrical demolition scope, electrical new construction scope, and site work (excavation, backfill, spoils removal, etc.) indicated on the Electrical Drawings.

On February 17, CSG contacted Stenstrom Excavation & Blacktop Group to request a breakdown of and to re-review their Alternate Bid 4 Bid of \$100,000. Kyle McQuality provided the following breakdown for this alternate bid:

Electrical Subcontractor	\$ 95,455
Stenstrom (GC/Overhead/Profit)	\$ 4,773
Total	\$100,228

Kyle elected to round the number down to \$100,000, in lieu of using the \$100,228 number on their bid form. CSG reconfirms Stenstrom Excavation & Blacktop Group's Bid Proposal for Alternate Bid 4 appears to be complete and responsive.

Sincerely

Gregory M. Stahler
