

ATTACHMENT NO. IX-D

ATTACHMENT NO. IX-D: Disposal of Obsolete Equipment

Potential motion: Move to approve the disposal of obsolete freezers at Manchester Elementary

Recommended action: Approve the motion.

As part of the renovation of the Manchester Elementary kitchen, new freezers were purchased to fit within the kitchen. Three old, obsolete chest freezers are and have been located outside the kitchen area. These freezers are not usable, take up a large amount of valuable space and may be hazardous.
