

ATTACHMENT NO. IX-G: Establish an Hourly Rate for Vehicle Repair Work

Potential motion: Move to establish \$65 as the vehicle repair hourly rate.

Recommended action: Approve the motion

It is recommended that the Board establish \$65 as the vehicle repair hourly rate. This rate would be used when work has been performed on partnering governmental entities equipment.

The complete establishment of this service partnership is still being reviewed for the overall impact. It is possible that the fiscal impact may not be favorable depending upon the additional insurance and liability that may be undertaken to perform this service.

Intergovernmental agreements may also have to be entered into with the government entities to complete this process. Additional information and outcome of this review will be forthcoming as it is completed.
