Recommended Action:

Approve as presented

The Curriculum, Instruction, Assessment Committee met on Thursday, November 7, 2013 to review and discuss several new course proposals for North Boone High School. Each of the proposed courses is attached for the Board's review.

After discussion of the merits and need for each proposed course, it was determined by the Committee to recommend the following courses be implemented for the 2014-2015 school year:

1. Microsoft Office 1
2. Microsoft Office 2
3. Newcomer English
4. Physical Science

Newcomer English would be approved retroactively for the 2013-2014 school year.

At this time, due to the potential for Health II to cause the district to increase costs, the Curriculum Committee did not recommend its adoption.
