

ATTACHMENT NO. X-B: E-Rate, Multi-School Wireless Infrastructure
Summer Project Purchase

Potential motion: Move to approve the E-Rate, Multi-School Wireless
Infrastructure Summer Project Purchase

Recommended action: Approve the motion.

The Federal Communications Commission has set money aside for schools to upgrade network infrastructure. The FCC has would like all students to have access to the internet within instructional settings. This Federal Subsidy will cover 70% of the cost to upgrade our network.

We have completed the proper steps in obtaining this subsidy, including putting out an official request for quotation proposal. The bids are in and the North Boone Technology department, and we have decided to use Current technology for the 2018 summer E-Rate hardware purchase. The following vendor was chosen for having the best pricing, and for quoting us on the correct items requested.

If approved, the following buildings will receive updated battery backups in networking closets: North Boone High School, Capron Elementary, and Poplar Grove Elementary. The project will also upgrade 36 older wireless access points around the district. The total cost of the project is \$18,172.70. After the E-Rate subsidy is applied, North Boone would be responsible for \$5,451.81.

Mr. Jerry Rudolph
Director of Technology
North Boone School District 200
6248 North Boone School Road
Poplar Grove, Boone, IL 61065-8548

Dear Mr. Rudolph,

Current Technologies is very pleased to have the opportunity to be included in this RFP process. We are a twenty year old IT Infrastructure and video surveillance company located in Lombard, IL. Our proven track of exceeding our clients' expectations will set us apart from the competition.

Depth of Information Technology Experience:

- 40+ Municipalities
- 20+ Schools and Libraries
- 100+ Private/Commercial entities

When faced with making the decision we are confident that our integrity, depth of experience, and extensive product knowledge will ensure the success of this project. I know my team will assure you top notch service and support. Should you need any additional information please feel free to contact Frank Shoemaker, Vice President of Sales. He can be reached by phone at (630)317-5656, by email at FShoemaker@currenttech.net, or by mail at 450 Eisenhower Lane North, Lombard, IL 60148. You may also contact Mark Rhodes, Vice President of IT Operations. He may be reached by phone at (630)317-5660, by email at MRhodes@currenttech.net, or by mail at 450 Eisenhower Lane North, Lombard, IL 60148. We look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read 'S. Daugherty', with a long horizontal flourish extending to the right.

Steven Daugherty
President
Current Technologies Corporation
450 Eisenhower Lane North
Lombard, IL 60148 (630)317-5669
SDaugherty@currenttech.net

Project Timetable and Due Date: The 470 Form and RFP will be released for 28 days. Proposals are due by **Tuesday January 30, 2018, by 12:00 noon**, via e-mail to Jerry Steinberg, Senior Consultant of Telesolutions Consultants LLC, at jerry@telesolutionsconsultants.com, Donna Manners, Consultant of Telesolutions Consultants LLC, at donna@telesolutionsconsultants.com, and Jerry Rudolph, Instructional Technology Coordinator, at rudolphj@nbcusd.org.

Proposal Criteria: The North Boone Community Unit School District 200 is seeking proposals from the most qualified vendors of Wireless Infrastructure and data equipment that can provide a very cost-effective price (#1 criteria), excellent reliability and proven, fast, effective service, (previous North Boone Community Unit School District 200 experience is a plus), a turnkey solution, school district experience, equipment market share and references, and its point of presence within the Poplar Grove, Illinois area. The North Boone Community Unit School District 200 will carefully weigh these criteria and decide based on the E-rate Decision Matrix as a basis.

E-rate Participation: It is imperative that the successful vendor participate in good standing with the Federal E-rate program and that the vendor can show at least three E-rate examples or references in the State of Illinois.

Please provide your Service Provider Identification Number (SPIN) 143006151.

Vendor must certify that it will annually certify itself with the E-rate program, via a Service Provider Annual Certification, or SPAC, so that the North Boone Community Unit School District 200 will be assured that it will be able to collect from the program.

References: Preference will be given to vendors that have at least three (3) references in the State of Illinois.

Vendor Description: Please provide an overview of your company with number of support personnel, annual sales and school district success stories.

Financials Purchase Option

Base Proposal Four (4) School Sites: The base proposal includes the turnkey installation and provision of all materials, components, of new Wireless Access Points, UPS units and related components and Patch Cables specified in these RFP Specifications for the four (4) school sites.

These systems are scheduled to be installed after E-rate approval through a Funding Commitment Decision Letter, or FCDL, and after April 1, 2018, per E-rate rules. Please provide the turnkey purchase, shipping, system discount, tax (not applicable) and **total** material costs for the proposed eligible equipment as follows:

| NORTH BOONE MIDDLE SCHOOL | ONE-TIME COSTS |
|--|--------------------------|
| Provide two (2) CyberPower OR1000LCDRM1U Smart App LCD UPS System or Enterprise level equipment or any Enterprise Level equivalent. | \$ <u>671.58</u> |

Provide one (1) SNMP Web Cards CyberPower RMCARD205 UPS or any Enterprise Level equivalent. \$ 173.78

TOTAL ELIGIBLE ONE TIME COSTS \$ 509.57

ONE YEAR MAINTENANCE COSTS \$ NA

Itemization: Please provide a detailed itemization of the proposed/bid equipment and installation **per school building**. Service providers must clearly identify E-rate eligible and ineligible equipment and pricing. Any e-rate ineligible products, services or components bundled with eligible products or services must be listed separately from the eligible products or services. Prices for these ineligible products or services must be allocated out of the price for the eligible services.

Bear Form or SPI discount billing method: The new E-rate modernization program allows the school district to decide between the vendor providing a discount of its invoice(s) or the customer paying 100% of the costs and seeking funding through the Bear Form methodology. This will be negotiated at the time of the contract signing.

Contract: Please provide a copy of your typical sales contract and your maintenance contract.

District's Rights in Decision Making: The North Boone Community Unit School District 200 reserves the right to choose any vendor based on its internal criteria and may waive any formality in its selection.
