

# Upper Elementary School Improvement Planning 2020 - 2023

# The Process

## 2019-2020 SY

- SIP Team comprised of teachers and administration worked with Regional Office of Education over the course of the year to complete data analysis
- Data analysis drove the creation of SIP goals
  - Reading/Math IAR
  - Reading/Math MAP Tests
  - 5 Essentials Survey
  - Attendance
  - School Report Card
- SMART SIP goals were created with a 3-5 year window to reach the goal

# SMART Goals

**SMART GOAL 1: Increase overall student math growth as measured by the Illinois Assessment of Readiness (IAR) from the Summative Designation Report from 39.17 to at least 50 by the end of the 2022-2023 school year.**

**SMART GOAL 2: Increase summative score in students identified as CWD (currently at 37.91) and ELL students (currently at 43.08) by the Illinois Assessment of Readiness (IAR) summative designation form by 7-10 points by the end of the 2022-2023 school year.**
