

ATTACHMENT X-C:	Cafeteria at Manchester Elementary
Suggested Motion:	Move to approve renovation of cafeteria at Manchester Elementary
Recommended Action:	Approve as presented

The Facilities Committee reviewed projects for this summer, including some significant roof work at Capron and NBMS. The committee wanted to make sure the whole Board was in support of moving forward with work on the Manchester cafeteria. All of the staff at the Committee meeting, Kristi Crawford, Jeannine Plath, Jim Novak and Steve Baule spoke to the significant health and workplace safety issues at the Manchester cafeteria. Below is a list of some of the violations and concerns raised. The exact scope of the project won't be known until the architects develop a framework from which to bid the project. Currently the rough estimate for the project is about \$177,000. The staff strongly recommends that this project be completed during the summer of 2012.

Manchester Kitchen Illinois Department of Health Department Violations

1. No hand wash sink
2. No separate food prep sink
3. No three compartment sanitary sink with runoff boards
4. Sinks do not have open site drains
