ATTACHMENT X-C: Pre-School Transportation and Fees  
Suggested Motion: Informational  
Recommended Action: None

Currently North Boone provides the opportunities for paid preschool transportation to anyone who does not qualify for transportation under an Individual Education Plan (IEP).

We have 28 students that ride the morning and afternoon routes combined. Eleven of those students qualified under an IEP and 17 of those students paid for transportation.

In December 2018, the parents of the preschool students were surveyed to find out if preschool transportation was offered for free how many would take advantage of the service. Out of 50 students currently enrolled in the morning and afternoon session combined, 26 parents returned the survey and all stated they would take advantage of the bus service if offered for free.
