

ATTACHMENT NO. X-C: Teacher Devices K-4

Potential motion: Move to approve the Teacher Devices K-4

Recommended action: Approve the motion.

We are recommending the Board approve device purchases for teachers in grades K-4. This would be a refresh for 7-year-old desktop devices that are coming to end of life. These new devices would be laptops on bases that enable the teacher greater flexibility to incorporate technology into the classroom as well as teach remotely should the district need return to e-learning. The funds would come from our tech budget. The tech budget still has money reserved for devices. The previous purchases of devices in the spring was made through the stimulus money that schools received for the pandemic. Another round of stimulus money is coming to the district with the intention of schools be equipped for e-learning. 80 devices with docking stations, bags and disk drives will cost \$76,743.00.
