ATTACHMENT NO. X-D: Approval of Assistant Cook Position at Upper Elementary

Potential motion: Move to approve the Assistant Cook Position

Recommended action: Approve the motion

A two hour assistant cook position at the Upper Elementary is needed to assist with running the computer, scanning cards for both lunch times and also helping in the kitchen with re-stocking and clean up. Since the beginning of the school year, we have been using subs to fill the need. I am recommending a permanent assistant cook to ensure knowledge of the software and meal program, and to fill in as a server when needed.

The meal count at the Upper Elementary has increased and we are serving on average 141.75 meals per day.
