

ATTACHMENT X-D

ATTACHMENT X-D: Timecard System

Recommended Motion: Move to approve Decision Systems Time Tracker online timecard system.

Recommended Action: Approve the motion

North Boone is looking to streamline the timecard and payroll process by utilizing a software program for timecard entry. Currently we use Decision Systems for our payroll and accounting. We are looking for a software program that can integrate with our current payroll program, is easy to use and can customize to align with our current practices.

The two vendors that meet the goals of the team were the following:

Frontline Education:

We currently use Frontline education for Absence Management and Hiring. This solution has an app or staff can use a web kiosk.

Annual Software Investment: \$8,534

One time implementation: \$7,500

Decision Systems:

Our current payroll vendor has a timecard system. This system will integrate with our payroll system. Staff will need to access this on a computer kiosk in their school.

Annual Software Investment: \$750

One time implementation: \$5,000
