State and federal laws require public school districts to release report cards to the public each year.

This year, we have updated the report card to provide a full picture of school performance beyond just test scores. A display of this data designed with parents and communities in mind is available on illinoisreportcard.com. All of the metrics posted on illinoisreportcard.com are also included in this report.

High- and low-poverty schools include those in the top and bottom quarters of the poverty distribution of schools in the state.

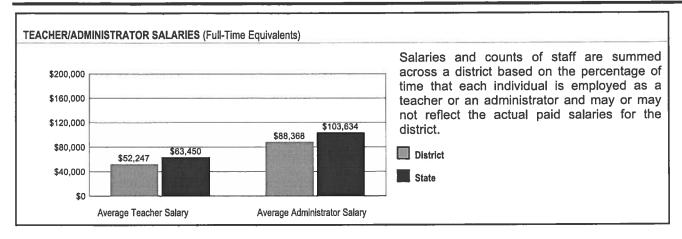

Some teacher/administrator data are not collected at the school level.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

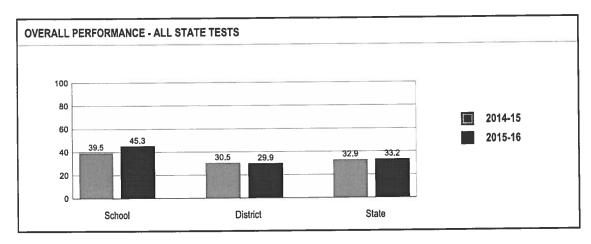

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

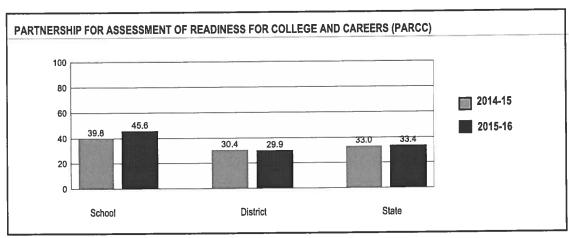

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

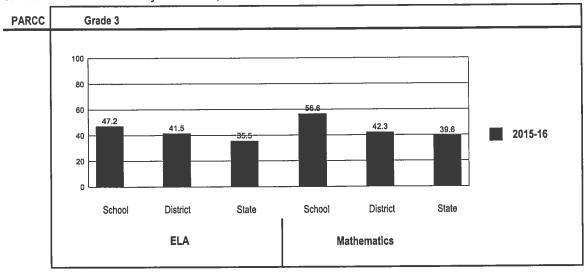

These charts present the overall percentage of state test scores categorized as meeting or exceeding the PARCC expectations or DLM-AA Standards for your district, and the state.

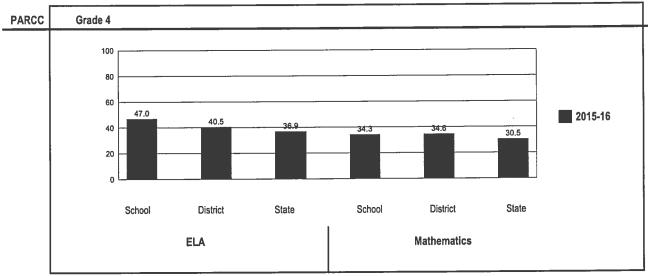

PARCC PERFORMANCE

These charts present the overall percentage of state test scores categorized as meeting or exceeding the PARCC expectations or DLM-AA Standards for your district, and the state.

PERFORMANCE ON STATE ASSESSMENTS

The PARCC is administered to students in grade 3 through 8 and high school. The DLM-AA is administered to students in grade 3 through 8 and 11 with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the PARCC would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

Partnership for Assessment of Readiness for College and Careers (PARCC)

Each Performance Level is a broad, categorical level defined by a student's overall scale score and used to report overall student performance by describing how well students met the expectations for their grade level/course. Each Performance Level is defined by a range of overall scale scores for the assessment. There are five Performance Levels for PARCC assessments:

- •• Level 1: Did not yet meet expectations
- •• Level 2: Partially met expectations
- Level 3: Approached expectations
- Level 4: Met expectations
- •• Level 5: Exceeded expectations

Students performing at levels 4 and 5 met or exceeded expectations, have demonstrated readiness for the next grade level/course and, ultimately, are on track for college and careers. Performance Level Descriptors (PLDs) describe the knowledge, skills, and practices that students should know and be able to demonstrate at each Performance Level in each content area (ELA/L and mathematics), and at each grade level/course. PLDs are available at http://avocet.pearson.com/PARCC/Home.
