North Boone CUSD 200 received federal funding through Elementary and Secondary Relief-Digital Equity Formula Grant for \$96,570. The purpose of this grant is to assist school districts in closing the digital divide and enabling digital-age teaching and learning. All purchases for this grant must prioritize 1:1 ratio of devices to students.

It is being proposed to use this grant to purchase Chromebooks for grades 1-2-5-9 as part of our regular rotation. We would purchase 390 Chromebooks along with the Google Licenses.

At the March Board of Education meeting quotes will be presented with a recommendation for the purchase of the Chromebooks.
