Recommended Action:	Approve as presented.

Use of the federal paid lunch equity calculator tool is a yearly requirement. Per the outcome of this calculation, we are required to have our paid lunches more in line with what we receive from the government for our free and reduced price meals. Therefore, the lunch prices will be increased by .25 cents for 2016-2017, making the student lunch price increase from \$2.50 to \$2.75.
