ATTACHMENT X-F: 2018 General Education Summer School Program

Suggested Motion: Move to approve the General Education Summer School Program

Recommended Action: Approve as presented.

It is recommended that we offer a General Education Summer School Program this summer for students currently enrolled in Kindergarten and 1st grades. The program will be four days per week for five weeks. Cost breakdown is attached along with additional program information.

Program Dates: May 29-June 1, June 4-7, 11-14, 18-21, 25-28

Program Times: 8:30 – 11:30 am

Upper Elementary and Middle School 2017-2018 Summer School Plan

Summer School will:

1. Take place in the Upper Elementary Library.
2. Run Monday through Thursday from 9 - 11:30 am from May 28th - June 28th (5 weeks).
3. Be monitored and proctored by a Licensed Teacher (8:30-11:30).
4. Utilize Study Island and other enrichment content leveled tasks and assignments that will drive instruction.
5. Be given to students that have failed 3 or 4 quarters in any subject area
** 3 failing quarters will mean student will need to do 2 weeks of Summer School
** 4 failing quarters will mean student will need to do 4 weeks of Summer School
6. Have transportation provided

April 6, 2018

Dear Parents,

This summer, the North Boone School District is offering a Summer School Program at Capron Elementary School for students currently enrolled in Kindergarten and 1st grades throughout the District who have been identified as at risk academically in the area of Math and English Language Arts. Your child has been identified as a student who could benefit from this program. Instruction provided will be designed to give students added support and enrichment in Math and English Language Arts. The program will be four days a week for three hours per day. **There is no cost for this program and transportation will be provided.**

In addition to the academic program, the District is partnering with the YMCA to offer lunch and after-care activities. Lunch will only be provided for students staying for after-care. Although lunch will be provided free of charge, there will be a cost for the after-care.

Dates: May 29 – June 1, June 4-7, 11-14, 18-21, 25-28

Times: 8:30 -11:30 am

Location: Capron Elementary School

If you are interested in your child participating in this program, please complete this form and return to your child's school by **Friday, April 20th**.

Sincerely,
Allison Louis
Principal, Capron Elementary School

NBCUSD ELA Summer Program

Child's Name _____ Grade _____ Home School _____

6 de abril de 2018

Queridos padres,

Este verano, el Distrito Escolar de North Boone está ofreciendo un Programa de Escuela de Verano en la Escuela Primaria Capron para estudiantes actualmente matriculados en Kindergarten y primero grados en todo el Distrito que han sido identificados como en riesgo académicamente en los áreas de Matemáticas y Artes del Lenguaje Inglés. Su hijo ha sido identificado como un estudiante que podría beneficiarse de este programa. La instrucción proporcionada será diseñada para dar a los estudiantes el apoyo y el enriquecimiento agregados en las Artes del Lenguaje Inglés y matemáticas. El programa será de cuatro días a la semana durante tres horas al día. No hay costo para este programa y el transporte será proporcionado.

Además del programa académico, el Distrito se está asociando con la YMCA para ofrecer almuerzos y actividades después del cuidado. El almuerzo sólo se proporcionará para los estudiantes que se quedan para después de la atención. Aunque el almuerzo se proporcionará de forma gratuita, habrá un costo para el cuidado posterior.

Fechas: Mayo 29 - Junio 1, Junio 4-7, 11-14, 18-21, 25-28

Horario: 8:30 -11: 30 am

Localización: Capron Elementary School

Si está interesado en que su hijo participe en este programa, complete este formulario y regrese a la escuela de su hijo para el viernes 20 de abril.

Sinceramente,
Allison Louis
Principal, Capron Elementary School

Programa de Verano NBCUSD ELA

Nombre del niño _____ Grado _____ Escuela en casa _____

Nombre del padre / madre _____ Teléfono # _____

Por favor marque todos los que apliquen:

Sí, mi hijo (a) asistirá al Programa de Verano para los estudiantes K-1st. El transporte será proporcionado de la casa y de la Escuela de Verano.

Sí, estoy interesado en el almuerzo y el cuidado posterior proporcionado por la YMCA. Entiendo que como padre seré responsable del transporte a casa de After-Care.

** Si es así, por favor complete el papeleo proporcionado por la YMCA y regrese con este formulario.

Craft: Capes

Special: Team Building Activity

Game: Counselors

Free time: Playground/Outdoor Activities if weather permits

Day 4: Learn Something New (Thursday)

Craft: Make your own superhero

Special: Stem Option

Game: Counselors

Free time: Playground/Outdoor Activities if weather permits

POWER SCHOLARS 2018

Power Scholars Camp is designed to be the support program for youth after they finish their day in extended school year. The pilot program will take place on site at Capron Elementary School. The program will be held for the duration of extended school year. Students will attend extended school year from the morning until 11:30am. At 11:30am, students will transfer over to Power Scholars and begin a structured schedule that will go until 3:30pm. From 3:30pm to 5:30pm, campers will have supervised free time.

The following key program elements make up the experience:

Daily Activities

Community Time, Lunch & Recreation: Students, called “scholars,” start the day with lunch and community time activity to develop leadership skills and strong friendships with fellow scholars and staff. Scholars spend approximately 10 minutes engaging in physical activity during recess at the end of this time.

Enrichment: Scholars rotate through enrichment opportunities during the afternoon. Themes typically include:

- ☑ Life and leadership development, such as character development, social and emotional learning, civic values, substance and violence prevention, and service-learning.
- ☑ Science, technology, engineering, and math enrichment courses that enable scholars to engage in these fields in fun, non-traditional ways.
- ☑ Health and fitness activities including a wide array of traditional and non-traditional subjects.
- ☑ Creative arts providing scholars opportunities to explore art, writing, music, drama, and other artistic expression.
- ☑ Additional activities are considered and included as determined through community interest.

In addition to the daily schedule described above, other Power Scholars Academy program elements include:

Mentor Days: Scholars participate weekly in community-service projects and interaction with community leaders who visit the program as guest speakers to showcase their professions and inspire scholars to pursue excellence.

Family Engagement: Each program has at least two family events, usually an open house prior to the program start and a family event to close out the program and celebrate the scholars’ success.

Academic Curriculum

The Power Scholars Academy program will support the curriculum offered through the teachers in the extended school program.

The program will be free of charge to participants. The majority of the youth in this program will fall below the poverty line and would make it nearly impossible for families to pay for the services during the program. Funding for this program comes from the gracious and generous support from Community Foundation of Northern Illinois.
