ATTACHMENT NO. X-F: Two Additional Elementary Teachers

Potential motion: Move to approve the motion to hire two full time elementary teachers.

Recommended action: Approve the motion.

I am recommending adding two elementary teachers to meet incoming enrollment for the upcoming 2022-23 school year. Currently our kindergarten class is over class size policy. We would add one FTE for Manchester to meet the extra section that will be needed in kindergarten. Capron will also need one FTE to meet the class size demands for next school year. With the number of students coming in from Pre-k and those that have already registered we will need the extra section.
