

ATTACHMENT NO. X-G: Hiring of Social Worker

Suggested Motion: Move to approve the Hiring of Social Worker

Recommended Action: Approve the motion.

An additional Social Worker is being recommended to accommodate student needs in compliance with IEPs and to increase SEL education in grades 5-8. Mrs. Doetch, Director of Special Education, is recommending the position due to increased social and emotional needs that have been identified and require more intensive services to promote success. There is currently not enough social work support between the two buildings to cover the increased needs.
