

ATTACHMENT NO. XI-B

ATTACHMENT NO. XI-B:	Approval of Purchase of Bus Cameras
Potential motion:	Move to approve the Purchase of Bus Cameras
Recommended action:	Approve the motion

The Transportation Department is requesting to purchase 13 Pro-Vision 8 Video Recording Systems. We have several regular route buses that either have no cameras or have non-operational cameras. These additional 13 cameras would equip all the remaining regular route buses.

Having functioning cameras on all buses that run regular routes is essential in providing protection to students and drivers, as well as being an important part in deterring misbehavior. In the past, our buses that are equipped with working cameras have provided necessary detail as to whether there is justification for discipline, along with bringing clarity to situations in question.
