

ATTACHMENT NO. XI-C: Purchase of White Bus

Potential motion: Move to approve the purchase of a White Bus from Boone County not to exceed \$6,500 pending County Board approval.

Recommended action: Approve the motion

This was previously discussed at the Business Services committee on May 9, 2011. The District would be purchasing a White Bus which is handicapped accessible from Boone County. This equipment would be replacing the currently leased White Bus. The FY11 lease amount was \$7,220. This was part of the plan for transportation equipment that was partially approved by the Board at the May 23, 2011 meeting.
