

ATTACHMENT NO. XI-D: Bike Path Resolution

Potential motion: Move to Approve the Bike Path Resolution

Recommended action: Approve the motion.

The Boone County Highway Department is asking for support from the North Boone School District in their effort to secure a grant that would connect Poplar Grove and the central campus to Belvidere with a bike path. This Bike path would originate in Belvidere and come up along Poplar Grove Rd. through the village of Poplar Grove and end at our central campus. The concept and planning has been made for multiple phases. The first part has been completed in Belvidere with a \$500,000 grant. The Highway Department is applying again for a \$2 million dollar grant that would help add the next phases to the bike path. Ultimately the goal is to have the bike path also connect to Rockford along Route 20. The total cost will be \$2.5 million dollars but they are not asking for money from the district, just a resolution of support.
