

ATTACHMENT XI-G

ATTACHMENT XI-G:	Additional MS Summer School Teacher
Suggested Motion:	Move to approve the Addition of a MS Summer School Teacher
Recommended Action:	Approve the motion

Historically we have had between 19-22 students that have failed multiple quarters AND did not effectively use their time 4th quarter to both make up the Study Island (summer school program) as well as get their grades up. We currently have 62 students that may need summer school due to the failing of classes, and if they do the work and pass 4th quarter, there will still be 35-40 students that will still need summer school. We cannot meet this demand with only one summer school teacher.
