ATTACHMENT NO. XVI-C: Delinquent Fees

Potential motion: Move to approve allowing the District to work with a Collection Agency for Delinquent Fees from students no longer enrolled.

Recommended action: Approve the motion.

At the Business Committee Meeting on April 18, 2017, the topic of Delinquent Fees was discussed. At the end of the 2016 school year, the District had approximately \$63,000 outstanding in student fees. Currently, for the 2017 school year, the District has approximately \$107,000 still outstanding in student fees. We do anticipate that number to be reduced as our parents take care of their bills before middle and high school graduations. The Committee is recommending that families that have outstanding balances and have moved from the district be sent to collections.
