

# Instructional Coaching Update

January 2023

## Our Model

- We have 4 Instructional Coaches for the 2022-2023 school year.
  - High School
  - Upper Elementary/Middle School
  - Poplar Grove Elementary
  - Capron/Manchester Elementaries
- We use student-centered coaching that measures student growth on a specific standard or skill during the coaching cycle.

Coaching Data:  
September -  
December 2022

Number of Coaching Cycles	Percent of Students Proficient	Growth to Proficiency Percentage	Percent of Students who had Growth
12	69.2%	50%	84%

Grade Level Band	Content / Skills in Coaching Cycles
K-4	Art Foundational Literacy Language Usage Operations and Algebraic Thinking Informative Writing
5-12	Language Usage Analyzing Data Speaking and Listening Analyzing Literature Evaluating Sources Solving Equations

Support Provided  
by Coaches

Outside of coaching cycles, the coaches provided support by:

- Assisting new teachers
- Analyzing data for school improvement goals
- Attending team meetings
- Assisting teachers with the K-4 literacy pilot
- Planning lessons with teachers
- Assisting teachers with their SLOs
- Providing professional development opportunities
- Creating resources for instructional and assessment strategies
- Assisting Tier 1 Teams during Late Starts
