

ATTACHMENT NO. IX-D: Approval of Athletic Trainer Contract Extension

Potential motion: Move to approve the three (3) year extension of the contractual agreement with Precision Sports Training at the annual cost of \$100,000

Recommended action: Approve as presented

It is recommended that the board approve the three (3) year extension of the contractual agreement with Precision Sports Training at the annual cost of \$100,000, as presented. This extension represents a \$10,000 annual increase in cost. This was presented and discussed in the Business Services Committee meeting on April 14th, 2026. On April 14th, 2026 the recommendation brought forward from the committee was to approve this contract.

It was requested by the Committee to explore whether they would be interested in a five (5) year extension, but Precision Sports Training was not comfortable with that length of contract.

Precision Sports has been a strong partner and our current Athletic Trainer is well liked by staff, coaches, and athletes at our schools. This continuation would provide continuity both in services and in relationships and culture around the safety of our student-athletes.

The prior three (3) year contract was at \$90,000 annually. The industry standard increase over the past three years for contracted athletic training services has been between 15% and 30%. This extension represents a 9% cumulative increase, keeping us below both contracted industry standard and local internal hire standards.

Total Annual Cost: **\$100,000**

Total Cost of the Contract: **\$300,000**
