ATTACHMENT NO. IX-D: Approval of 2026-2027 Student Fees

Potential motion: Move to approve the student fees for the 2026-2027 school year as presented

Recommended action: Approve the motion

It is recommended that the board approve the student fees for the 2026-2027 school year as presented. This was presented at the February 4th joint Business Services and Facilities Committee Meeting, and recommended for approval. Discussion was had regarding the increase of both student fees and paid transportation fees. The committee agreed that as costs continue to go up for our families, it made sense to hold fees steady for another year before looking at potentially increasing student fees. Additionally, an increase for paid transportation fees was tabled as any increase would not bring in any measurable increase in revenues, but would impact the limited families who take advantage of this.
