6:30 p.m.

CALL TO ORDER AND ROLL CALL

The Regular Meeting of the Board of Education was called to order at 6:30 p.m. by President Ed Mulholland.

Present: President Ed Mulholland, Secretary Brian Haselhorst, Joe Haverly, Judy Hutchinson, Tom Kinser, Vice President Mary Maxey, and Nan Schilling

APPROVAL OF AGENDA

A motion was made by Mrs. Hutchinson and seconded by Mrs. Maxey to approve the Agenda as presented.

The motion carried with unanimous roll call.

AUDIENCE TO VISITORS

Mr. William Randall spoke regarding the Superintendent Search email, late start message, credit card bills, the heat at Manchester Elementary School, HVAC Phase I accounting, emails regarding the bank building, the paint theme at the Upper Elementary gym, flyers with the wrong colors and typos, and security at the football game.

TREASURER'S REPORT

The Treasurer's Report is as presented.

Discussion:

Will the Treasurer's Report be uploaded on Thursday with the agenda? It has been uploaded on Friday morning. Per Ms. Corder, that is the hope. It has been delayed a day due to time constraints.

SUPERINTENDENT'S REPORT

Dr. Greenlee spoke in regards to the District Report Cards. We did receive an initial status for some of our report cards. We are anticipating 5 of our schools to be commendable with one being exemplary (Manchester Elementary). A lot of hard work has gone into getting all of our schools to these statuses and is something everyone should be proud of. In October, we will have a better grasp on what the actual test scores were for the report.

The Auditors have requested an extension with the ROE through November 15, 2024. They do have all necessary information and are wrapping up the process. We should have their report for the December Board Meeting.

Dr. Greenlee noted that in front of the buildings on North Boone School Road, you may notice what looks like a “refrigerator” by the trees. That is actually the box for the fiber surf internet that Jerry Rudolph has been working on which provides fiber to the District and will eventually be branching out to some of the residential customers as well.

Mrs. Schilling questioned why the heat wasn’t working at Manchester Elementary for that day when the HVAC Phase I issue has been known and it is still not fixed? Dr. Greenlee stated that he was not informed that Manchester’s heat was not working and that he will check on that immediately. He then gave a summary of what has been completed to date with the univent work:

- North Boone Middle School – all 9 univents have been completed per the list from the engineer, completed by Hartwig.
- Capron Elementary School – 4 of the 7 univents (rooms 103, 104, 120, 121) have been completed by Ceroni.
- Manchester Elementary School – 2 horizontal units in the cafeteria and 2 horizontal units in the library have been completed by Trane.

On October 25, 2024 (Teacher Institute Day) the following will be completed:

- Capron Elementary School – 2 univents in room 216 (tighten wall anchors) and room 217 (close up open knock out in take) to be completed by Hartwig.
- Capron Elementary School – the last 3 univents to be completed by Ceroni.
- Manchester Elementary School – Rooms 111, 112 and 113 to be completed by Hartwig. 6 univents to be completed by Ceroni. One unit in the student services in the lower level are awaiting parts and is scheduled to be repaired by Trane.

Mrs. Schilling asked for further clarification on the cost of fixing the walls. Cashman Stahler and Amsco will be assisting in the cost of those walls with the District’s portion coming in under \$10,000. Further discussion was held on the topic as well as the heat at Manchester Elementary.

Mrs. Hutchinson inquired as to the security issue that was mentioned at football game. This can be discussed in a closed session due to disciplinary actions/confidentiality concerns.
