COLLEGE AND CAREER COORDINATOR - HS

Kari Neri and Marc Eckmann presented the addition of the College and Career Coordinator position at North Boone High School. This position would aim to work with school staff and partners to provide career-based learning opportunities for all students at North Boone High School. The essential job functions include:

- Develop and maintain structure for work-based learning programs and recruit students to participate.
- Continue and increase opportunities related to career preparedness opportunities for our students in grades 9-12 with our current partners, which include CEANCI, Rock Valley College, Boone County WorkForce Development, and Growth Dimensions of Boone County.
- Serve as NBHS CEANCI Contact (currently Marc Eckmann) and complete all responsibilities associated with the program.
- Communicate Career opportunities to students and their families.
- Maintain the data for the Illinois college and career readiness standards.

This position will be a .4 FTE of a current North Boone High School certified teacher. This teacher will teach 3 periods in their content area and then serve as the College and Career Coordinator. It does appear that many districts have this position as the state expectations increase.

This will be a cost-neutral position as we already have a teacher on staff. We would start with 2 classes in the first year.

It was agreed to bring this position to the Board for approval at the March Board Meeting.
