2025 Unified Champion Schools  
Boot Camp  
August 22-24

At the boot camp training, the students and I will engage with leaders from other schools, learn more about Unified Champion Schools, and be empowered to be an agent of change in this Inclusion Revolution!

We will be attending different sessions which will have Special Olympics staff training youth through purposeful activities including Social Justice, historical behavior, accepted practices and inclusion.

We will take home activity ideas that may ignite more students into participating and being more accepting of each other as well as acknowledging similarities rather than differences.

We will be actively engaged in sharing ideas throughout the training and work together to set goals to strive for as the year progresses.

We will meet and share ideas with others around the state of Illinois about inclusion and respect.

The students will present sessions during the summit held in December.

The detailed itinerary will be posted closer to the event dates.
