Suggested motion: Approve the School Calendar for 2026-2027

Recommended action: Approve as presented.

The North Boone School District Staff were provided three different school calendars for next year. One of which was developed by the North Boone Education Association (NBEA) Executive Board. All three calendars were distributed to entire staff for review and were voted on through a Google Forms survey. The calendar receiving the highest number of votes is being presented for approval for the 2026–2027 school year.
