ATTACHMENT NO. X - D: Approval of 5th Grade Math Curriculum Adoption

Suggested motion: Move to Approve

Recommended action: Approve as presented.

The Board is recommended to approve the purchase of *Reveal Math* for 5th-grade mathematics. This purchase includes five years of consumable and online resources at a total cost of \$23,236.94.

This purchase will come from local district funds.

Recommendation for Adoption 5th Grade Math Curriculum Resources

Rationale:

Our current 5th grade resource is up for renewal, and in order to align with 6th-8th grade math, the 5th grade teachers piloted and selected *Reveal* by McGraw Hill.

Recommendation:

The *Reveal* curriculum resource published by McGraw Hill is recommended for adoption as our 5th grade math resource. The following features stand out as key reasons for our recommendation.

- Uses evidence-based instructional practices for mathematics.
- Directly aligns to the Common Core State Standards (CCSS) for mathematics.
- Includes differentiated resources as well as resources to support interventions at Tier 2.
- Includes customizable assessments with differentiated test questions.
- Includes video tutorials to support students.
- Includes teacher supports, such as: premade presentations, online filters to find resources easily, gradebook synchronization, and reports aligned to standards.
- Aligns to IXL, which is a current online supplemental resource.

Process:

In order to arrive at this recommendation, the 5th grade math teachers engaged in the following process.

- November 2024 - January 2025
 - Selected unit(s) to pilot
- March 2025 - April 2025
 - Piloted Reveal Math unit components with at least one class or small group
