

ATTACHMENT NO. X. - E: High School Fees

Potential motion: Eliminate the Fees for AP Exams and Student Parking

Recommended action: Approve the motion.

It is recommended that the fees for AP Exams and Student Parking be eliminated as follows:

AP Exams

The North Boone School District pays the costs for students to take dual credit courses, Running Start courses, and CEANCI courses. It would be equitable to pay the cost of a student's AP exam. If a student signs up for the exam and does not take it, the student would be charged. The current cost of an AP exam is \$97.00.

Student Parking Fees

We have more than enough parking spots at North Boone High School. This is a fee that is exorbitant for some students and their families. This placed an additional burden on some students and families who are struggling financially.
