

ATTACHMENT NO. XI. E (1)

ATTACHMENT NO. XI. E (1): Approval of K-4 ESL Curriculum Adoption

Suggested motion: Move to Approve

Recommended action: Approve as presented.

It is recommended that the Board approve the purchase of the *National Geographic Reach Higher Program* for Kindergarten - 4th grade ESL instruction. The total cost of this purchase is \$14,163.60 for all print materials.

This purchase will come from local district funds.

Recommendation for Adoption Kindergarten - 4th Grade ESL Curriculum Resources

Rationale:

A new ESL resource for kindergarten through 4th grade will provide the following advantages for teachers and students.

- We have not had a curriculum adoption for ESL since 2004.
- We are in need of a guaranteed and viable ESL curriculum across grade levels and buildings. This adoption supports Goal 1, Strategy 3 of our Strategic Plan.
- Although we have curriculum maps and WIDA standards at each level, we currently do not have a set curricular resource for ESL.

Recommendation:

The *National Geographic Reach Higher Program* is recommended for adoption as our Kindergarten through 4th grade ESL resource. The following features of the program stand out as key reasons for our recommendation.

- *Reach Higher* is cross curricular integrating science and social studies content in the development of English literacy skills.
- The use of fiction and non-fiction texts to reinforce phonics and high frequency words.
- Explicit instruction of academic language, vocabulary, phonics, reading, writing and conversation opportunities to support English language development.
- The structure of the resource supports students' understanding of different cultures and viewpoints.
- Structured format that includes opportunities for growth in all language domains, listening, speaking, reading and writing.

Process:

In order to arrive at this recommendation, our ESL team engaged in the following process during late starts throughout the 2023-2024 school year.

- The EL team met during PLC time throughout the school year to review viable ESL/ Native Language resources.
- The team conducted an inventory of our current resources.
- The team determined that the greatest area of need for our student demographic is an ESL curriculum. The following supports are currently used as native language resources; reading A-Z, trade books, and teacher created supports aligned to Spanish Language standards.
- The current ESL resource, *Avenues*, has a copyright date of 2004, and is no longer relevant.
- The team reviewed Okapi, Despagando and National Geographic.
- Okapi and Despagdo both integrated native language support and some cross curricular links, but lacked explicit phonics and ESL instruction.

Cost Summary:

- Recommendation for purchase of Teacher Materials, Student books and Student Practice Books. (K A/B/C, 1A/1B, 2A/2B, 3A/3B, 4A/4B)
- The team is not recommending the purchase of online resources at this time.
